

Summit-Broadband TV and Internet Information

Summit-Broadband is the vendor of these services throughout Wiggins Bay Associations. This is a fiber-optic, high speed system so you will need their specific modems for your home. Your Association provides the basic service fees as part of your quarterly dues. There is a onetime installation charge. You can also add additional features at your expense.

At your expense they also can provide land-line telephone services. You may also select Comcast, ATT, Century-link, etc. as a provider of land-line telephone services at your expense. To start your service please go to the Summit-Broadband file under the following website: [www. Wigginsbayfoundation.com](http://www.Wigginsbayfoundation.com).
